RE: Application for Permit #25-14219

Dear Applicant(s)

The Department of Water Resources has received your water right application is in the process of permitting the permit. But after further review of the application, it indicates that the second well is and existing well. After further research, we see that "Dome Technology" had this well drilled as a "Domestic" well in 2001. Now that you are intending to use the existing well for commercial use, the fee for the commercial usage is \$200.00. Dome Technology paid the initial \$75.00 for the domestic usage. That leaves a balance of \$125.00. We will not issue your permit until the fee is paid.

You can submit the fee to:

Idaho Department of Water Resources
900 N Skyline Dr Ste A
Idaho Falls ID 83402
Attn: Sharla Cox, 25-14219

After I have received the fee, your permit will be issued.

Please feel free to contact this office if you have any questions.

Respectfully Submitted,

Sharla Cox
Administrative Assistant
