Aaron,

In reviewing my files I noticed that the first page of the application that was sent to you omitted the section in the legal description "Item B.5.a". The Legal should have read "NESE (Lot 5) 6.7 ac & NWSE (Lot 4) 8.5 ac, Sec 28. T03S, R34E. Attached is the correct page that you should have received with the application. Hopefully this does not delay the processing of the application.

I called today and left a voice message for you, but wanted to make sure that you received the correct first page.

Also I would like to know if you have a preferred method, day, or time for me to contact you about a particular application. I would like to minimize the disruption of your day and keeping you from your assigned duties.

Of course, Mr. Chappell is anxious to receive information as to the possibility of the application being approved, so any information that you could provide would be appreciated.

Thank you,

Keith C. Wilson
