3. The use of water for irrigation under this right may begin as early as March 15 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after October 1 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

Documentation of Ownership of the Current Place of Use

IDWR records

Is this property subject to any liens, deeds of trust, mortgages, or contracts or other encumbrances?

NO

Describe the effect on the current place of use for this water right if the place of use is changed pursuant to this transfer

1.5 acres will be permanently dried up and converted to wildlife use to make up evaporative losses associated with a pond (see companion application for permit). The remaining 13.5 acres will continue to be irrigated as outlined on the attached map.

To your knowledge, has any portion of the water right undergone a period of five(5) or more consecutive years of non-use?

NO

Dept of Water Resources
Dear Sirs:

Concerning the "Right Number 47-2370"
for Wade Quigley, at point of diversion
T09 S - R14 E - S26 Twin Falls Co.

The water was put to beneficial use on
pasture since the beginning, Cecil Hart-
well & family were the early settlers &
chose to raise pasture grass & put the
various ditches in at that time which
have been maintained & used from the
beginning.

My father & I purchased the property
from Cecil Hartwell 7 Feb 1963. We
continued to raise pasture grass & I have
changed the water on it each day every since
then.

Sincerely,
Wade Quigley
