Re: Transfer 73770

Dear Connie:

Per our conversation today, this correspondence is regarding your Application for Transfer of Water Right, filed 4/27/07. Because a water right is a type of property right, all owners must apply for and sign the transfer application changing any portion of the right.

You will see that one of the pages I enclosed here is the first page of the transfer application you submitted. Please add "and Connie Brandau" to Name of Applicant because the property is owned by "Richard H. Brandau and Connie M. Brandau" in the warranty deed you submitted with the application. ✓

Secondly, please have Richard sign the second page and have his signature notarized.

Lastly and I did not mention this on the phone today, but I enclosed one of the maps you submitted with the application. Will you please mark the new point of the diversion on the map and return it to me? I see that the application states that the new POD will be "below 7B" but I cannot find the new POD listed on the map. The new point of diversion will be ~~below~~ SOUTH of 7B East of

I have enclosed a SASE envelope. Thank you and please call me if you have questions.

Sincerely,

Vicky Music
Sr. Water Resource Agent
IDWR/ Western Region
