Re: Transfer 73770

Dear Connie and Richard:

One last thing and I am sorry I did not catch this before. The point of diversion being added is in the SESE of Section 2 per the map you attached. However, your application, page 1, stated it was in the SWSE. I "whited out" the "W" and replaced it with an "E", but need your initials (both of you) and date for this change. Please initial and date right above the work "ADD".

I have enclosed a SASE envelope. Thank you and please call me if you have questions.

Sincerely,

Vicky Music
Sr. Water Resource Agent
