October 5, 2004

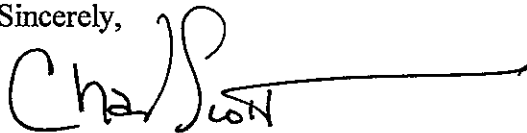

Dear Mr. Westra:

Enclosed, please find copies of recent communication with KariLynn Townsend at the Orchard Street office. It is my hope that you can perhaps help Ms. Townsend sort out this particular request for Water Right License Transfer.

I was referred to Ms. Townsend upon calling the Twin Falls office to inquire as to the status of this request, which was made in July 2004. For some reason I was thinking it falls under your jurisdiction.

Thank you for any help you can offer in this matter and prompt response.

Sincerely,

A handwritten signature in black ink, appearing to read "Char Scott", followed by a long horizontal line extending to the right.
