Dear Sir or Madam:

I have enclosed with this letter an Application for Transfer of Water Right, Water Right No. 65-03086. I have also enclosed with this letter our firm check in the amount of \$290.00 to cover the filing fee.

This application only seeks to add an additional point of diversion. The existing point of diversion is from Squaw Creek in Section 26, T. 11 N., R. 1 E., B.M., Gem County, Idaho. The ditch taking water from the point of diversion proceeds along a steep hillside. It is difficult to maintain. The applicant is proposing to pump water directly from Smith Creek downstream from the original point of diversion. The original point of diversion will still be used in times of necessity.

If you have any questions regarding the Application, please call me. I have also enclosed with this letter a second copy of the Application which I would ask that a member of your staff stamp as having been received and return it to the person delivering this letter to you.

Very truly yours,

WESTBERG, McCABE & COLLINS, Chtd.
