Re: Permit #98-7859

Dear Mr. Haynes,

We have become aware of the above mentioned water application permit. We have great concern of diverting the flow of Round Prairie Creek without any permits. Last year the creek went dry and the Brook Trout died as a result. I assume no water is being diverted at this time, as no permit has been granted.

We own property on Round Prairie Creek and were told this is a year round running creek, as were my neighbors.

We understand there was a hearing in October 2007, and there was to be a date set for another hearing. We would like to be present for that hearing, can you please tell us the date, time, and location of the hearing.

Sincerely,
