RE: Water Right Permit No. 92-7171

Dear Chairman Lewis:

Enclosed are two maps depicting the boundary for the Fernwood Water and Sewer District. One map is based on color air photography and the other is drawn using U.S. Geological Survey (USGS) information. The boundary for the District is shown with a heavy blue line.

The maps were drawn using information from Idaho Department of Water Resources (IDWR) files for Water Rights 92-7171 and 92-7231, information provided by the District concerning the Danielson Development, LLC annexation, and maps provided by the Benewah County Recorder's office for the Danielson annexation. I have enclosed color copies of the Recorder's maps for your files.

Please make any corrections to the boundary that are necessary, using one of the USGS maps, and send the edited map sheet to me, at the IDWR Northern Region office, in Coeur d'Alene. Please provide a copy of any annexations that are not shown within the boundary lines I have provided. This information is needed to produce an accurate District map that will become part of Water Rights 92-7171 and 92-7231 when licenses are issued.

I can be contacted at (208) 762.2816 or via e-mail at Shaun.maxey@idwr.idaho.gov if you have any questions.

Respectfully
