Re: 92-02027 & 92-07171

Gentlemen:

Enclosed are reports for filings made by the district for water from Adams Creek. One, 92-02027, is licensed. The other, 92-07171, is still in permit form and needs to have an exam completed before a license can be issued. I reviewed the file and found that we have done some work on the exam. The only thing left to do is obtain a measurement of how much water the system is capable of diverting. Please contact Al Beardslee in this office to set up a time when we can complete the exam.

Thank you.

Sincerely,

ROBERT G. HAYNES, P.E.
