Re: Pond Permit and Transfer Applications Regarding Water Rights 37-297D
and 37-20359 in the names of Jean-Pierre and Connie Chesnel.

Dear Mr. Merritt:

Enclosed is a permit for an existing pond, and a transfer application to switch uses of portions of surface water rights 37-297D and 37-20359 from irrigation, to mitigation for the pond. The proposed transfer will reduce the number of acres water rights 37-297D and 37-20359 irrigate, from 2.0, to 1.1, and 0.9 acres will be dried up for mitigation of the pond. Water rights 37-297D and 37-20359 divert water from the Big Wood River through the Hiawatha Canal and each water right irrigates the same 2.0 acres in T.03N R.18E Sec. 33 SE ¼ SW ¼.

We have also included a limited power of attorney agreement for the pond permit and the transfer application, consumptive use calculations for pond mitigation, and one check from Brockway Engineering for the amount of \$200.00 U.S. dollars. Please copy our office on all correspondence regarding the attached pond permit and water right transfer. Thank you for your assistance and if you have questions or comments, please don't hesitate to call.
