Subject: Water Right Transfer Applications  
(Lezamiz Family Limited Partnership)

Dear Ernie:

Enclosed please find three transfers and a completed Change of Ownership form related to the recent purchase by John Lezamiz Family Limited Partnership of two parcels from the Woodburys located southeast of Mackay, Idaho.

The purpose of the attached transfers is to authorize flexible water management of the associated water rights appurtenant to the property from both surface water, spring and supplemental ground water sources. Through monitoring of diversions into (from spring & ground water sources) and out of Burnett ditch it is desired to provide irrigation water to the listed property from all shared sources to increase efficient water use.

Also included are the associated deeds showing current ownership of the properties and appurtenant water rights. Finally, a check is included for the expected total transfer and ownership change fee of 1,450.<sup>00</sup>

Please feel free to call with any questions.

Sincerely,

Jason C. Helms, P.E.
