Subject: Water Right Transfer Applications  
(Lezamiz Family Limited Partnership)

Dear Mr. Carlsen:

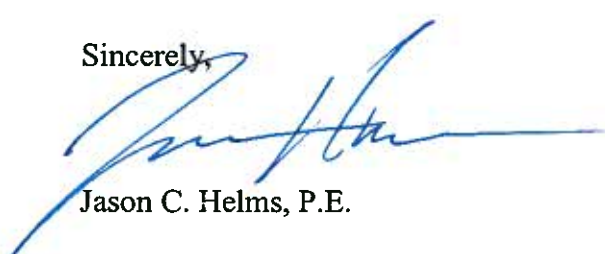

Enclosed please find 6 transfers prepared to replace the previous 3 transfers submitted on behalf of John Lezamiz Family Limited Partnership. The transfers seek to create two separate permissible places of use for irrigation of the two properties from all sources. Due to recent irrigation system changes, it is necessary to move some water rights from the Warner property to the Home property. An equal fraction of all appurtenant water rights was calculated for the transfer.

The transfers have been revised to separate the place of use for the water rights as you requested in your letter of August 3, 2007. I trust you will find these applications acceptable for processing.

We previously submitted a check for \$1,450 to cover the transfer fees, however the new configuration requires a total fee of \$1,980 so an additional check for the remaining \$530 is included.

Please feel free to call with any questions.

Sincerely,

  
Jason C. Helms, P.E.
