Re: Transfer Evaluation

This transfer proposes to change the acres irrigated under water rights 35-7194 and 35-8024 to reflect actual irrigation practices. Furthermore this transfer proposes to reduce the total irrigated acres under these rights.

Authority to File:

The applicant submitted warranty deed with this application as proof of ownership

Water Right Validity:

35-8024 was licensed 10/4/2007, 35-7194 was decreed Jan 31 2002, both rights irrigate the same acreages.

Injury to Other Water Rights:

The transferred water rights are contained within water district 120. Watermaster will comment.

This water right is within the ESPA but there is no change of well locations. This transfer will not result in a hydrologic change and will processed as a no advertised transfer

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
