RE: Pending transfer T-74218

Dear Jimmy

Enclosed is a copy of the transfer application showing a suggested change. I discussed this transfer with the state office personnel and they suggested the change. Please review the transfer to make sure that it reflects the ultimate outcome as you wish once it is approved.

The change consists of including both the untransferred rights with the two rights associated with the 0.9 acres. What is accomplished through this change is that a permissible place of use of 251.5 acres will be created showing the shift of the 0.9 acres into Sec 10 SENE. The way it was initially structured was that you would have had two rights associated with 250.6 acres and two rights associated with the 0.9 acres as separate places of use.

If you have additional questions you can reach me at the number listed above.

Sincerely

A handwritten signature in black ink that reads 'Kelly K Christensen'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Kelly K Christensen
Sr Water Resource Agent
