DEPARTMENT OF
WATER RESOURCES

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 63-31630 Date Proof is Due: May 1, 2008
Name(s) of Permit Holder: City of Meridian
Address: 33 E. Idaho Ave. City Meridian State ID Zip 83642
Telephone No. _____ Email: _____

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

The first well has been drilled, constructed, tested, and equipped. A pump control house has been constructed and the well is on-line pumping to the City's distribution system. Automatic controls have been installed so that the well can be operated remotely from the Water Department. Costing \$ ~\$500,000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The second well has not yet been drilled and the first well is still increasing in useage as the City grows. Due to the downturn in residential home sales, however, the population has not grown as originally projected (when well was drilled)

Permit holder(s) request an extension to May 1, 2013, 20____.
