Re: Water Right Application No. 75-14277 (Jones)

Dear Lyle,

Idaho Department of Fish and Game staff has reviewed the above water right application from Mr. Benjamin Jones for 0.04 cfs of waste water to irrigate 2 acres of ground adjacent to Pollard Creek near Salmon City. Because the quantity of water is limited and the source is waste water, we do not have concerns regarding this application.

Thank you for the opportunity to review this application and provide comments.

Sincerely,

A handwritten signature in cursive script that reads "James R. Lukens".

James R. Lukens
Regional Supervisor
