Re: City of Pocatello Mitigation Plan
DBDB File No. 1776

Dear Mr. Young:

The City of Pocatello (City) encloses an application for a mitigation plan for its existing and future water rights. The Idaho Department of Water Resources (IDWR) has explained that no filing fee is required for the mitigation plan. We understand that IDWR will now process and advertise the application for public comment.

We appreciated the opportunity to have met with you to discuss the procedures which may apply to the mitigation plan. As you know, Brent Spronk and Dale Book of Spronk Water Engineers have worked with the City and me to prepare the plan. We look forward to the successful processing and approval of the plan.

Sincerely,

Josephine P. Beeman
