RE: Applications for Transfer

Dear Mr. Lester,

Enclosed, please find two Applications for Transfer. The applicants are Robert and Susan Beede and Denny and Holly Howell. These applicants are neighbors and are seeking essentially identical goals for their water rights, including the change ownership to the current homeowner.

The main effort is that each homeowner has purchased a sliver of land that separates the home lot from the Two Rivers Subdivision to the east. I could not find a water right to the sliver land, so each homeowner asked that they be able to use the water that is appurtenant to the home lot on the new ground. The amount of irrigated acres does not increase due to the fact that large homes and driveways have retired a portion of the home lot.

Each applicant has included a \$100 filing fee for a total of \$200.

If you have any questions, please feel free to call.

Regards,

Steven R. Hannula
