Dear Mr. Speck:

The Idaho Department of Environmental Quality (Department) reviewed the water rights application for your client, Flying Joseph Ranch, LLC, as well as the associated existing water quality information near your proposed project site identified in Application 73-12146.

The Department has no opposition to the granting of this right if it is developed according to the information provide by you on behalf of your client.

We have no other comments at this time. Additionally, the Department believes this letter is sufficient to allow the Department of Water Resources to complete their review of your water rights application. Thank you for providing additional information and for the opportunity to review your application.

Please do not hesitate to contact me at 208.528.2650 for any additional information we may be able to provide.
