RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 36-2083A, 36-2083B, AND 36-8593

Dear Renter:

The Department of Water Resources ("Department") acknowledges receipt of your application to rent water from the Water Supply Bank ("Bank"). Please find enclosed a Water Supply Bank Rental Agreement for your review and signature. Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

The total rental fee of \$616.00 was calculated based on the current rental rate of \$14.00 per acre-foot times a diversion volume of 44.0 acre-feet. Ten percent (10%) of the total rental fee is retained by the Department for administrative fees in accordance with Water Supply Bank Rules, IDAPA 37.02.03. The remaining ninety percent (90%) is issued back to the lessor of the above referenced water right(s) in the form of a warrant. Since you are the lessor and the renter under this agreement, the Department requires that you submit only the portion of the total payment to be retained for administrative fees. Therefore, a rental fee of **\$61.60** must be paid in accordance with the rental agreement. Please send a check made payable to the Idaho Department of Water Resources together with the signed rental agreement. Return the signed agreement and fee to my attention within ten (10) days of receipt of this letter so I can complete the processing.

Please note that applications for rental of water must be reviewed in accordance with Section 42-1763, Idaho Code, and the Department's Water Supply Bank Rule 30 (IDAPA 37.02.03.030). This includes consideration of whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water rights, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the Bank is sufficient for the use intended and whether the proposal is in the local public interest. While a one-year rental usually involves a general review of the water rights and proposed use, rental of water over multiple years may require more comprehensive review, notice to advise anyone who desires to protest the proposed water use, and approval by the Idaho Water Resource Board.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Water Allocation Bureau
