CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **July 01, 2010**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. Water shall not be diverted under this right when flows in the Snake River are below established minimum flow amounts at any of the following locations: Weiser, 4750 cfs; Johnson Bar, 5000 cfs; Lime Point 13,000 cfs.

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 2-10343

5. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
6. This right authorizes the diversion of water to fill the reservoir and the diversion of water to replace evaporation and seepage losses from the reservoir, up to a combined annual total of 50 AF.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 19th day of June, 2008.

for DAVID R. TUTHILL, JR., Director
