Heather,

I understand that you have talked with Erick Powell about the Spring Canyon Ranch water rights today. I also understand that you would like to cut out some of the snail-mail time lag, if possible.

I have verified that the Department has not received the fee for the amendment to 37-22250. Unfortunately, the Department is not yet set up to take electronic fee payment, so we can't cut out the mailing time needed to get a check from you to the Department.

I got the ok from Shelley Keen to accept the signed email document rather than a signed original. Your printout will be missing Department watermark but the signature is the key feature needed to move forward.

For your convenience, I have attached the most recent version of the amendment. It is the same as I emailed out for you to preview this morning, but is different from last months version, so be sure to use this one.

I have also attached a copy of the cover letter you would have received with the amendment. Please note that the letter gives you 14 days to respond. I expect that that will be sufficient time to send a signed printout of the amendment back to us with the check for the fee, but call me if you can't make that happen.

Sincerely,

Michele

Good morning Erick,

As a result of our meeting last week, Shelley Keen and I have worked over the Spring Canyon Ranch conditions one more time. I have attached copies of the permit amendment 37-22250 and license 37-22251 so that you and your client can discuss them.

If you client is willing to sign the amendment 37-22250, I will get it in the mail, with a new cover letter, as soon as possible.

Sincerely,
Michele
