ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, DAVID R. TUTHILL, JR., of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 65-13809 with the following:

CONDITIONS OF APPROVAL

1. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
2. Domestic use is for 1 home and does not include lawn, garden, landscape, or other types of irrigation.
3. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.
