Mr. Steve Lester
State of Idaho
Idaho Department of Water Resources
2735 Airport Wy.
Boise, ID 83705

Dear Mr. Lester:

The Idaho Department of Correction (IDOC) contracted with Management & Training Corporation (MTC) to design, build, operate and finance a 400-bed substance abuse treatment facility located at the corner of Kuna-Mora and Pleasant Valley Roads in Ada County. The facility will be a secure, cognitive-based, intense substance abuse programming facility for the reentry of offenders from prisons and a diversion program for community-supervised offenders.

Enclosed is the Application for Permit to obtain a Municipal Water Right. The facility will ultimately be owned by the State of Idaho and serve the local interest with domestic (potable and fire) use with minimal use for landscaping. We would also request that this application be fast-tracked through your process to ensure we meet the Department of Corrections timeline.

The scope of the project includes a 66,000 square foot, 432-bed facility located on the south side of 40 acres in the northeast quarter of the southeast ¼ of the southeast ¼ of Section 32, T2N, R2E, BM, in Ada County, Idaho. Infrastructure for the project includes a 150-gpm potable water supply from a well, 350,000-gallon ground level steel storage tank and distribution system including a booster pump station; wastewater collection system includes an 8-million gallon multi-cell treatment and storage lagoon and a 13-acre land application- wastewater disposal system located to the west of the facility.

MTC looks forward in working the Department of Water Resources. Any further information that is required please contact Connie Cruz with MTC at (801) 693-2869 or Connie.Cruz@mtctrains.com.

If you have any questions, please contact me at

Sincerely,
MANAGEMENT & TRAINING CORPORATION

Connie Cruz,
Director of Corrections Marketing
