RE: DEQ comments on Water Rights Application 75-14466

Dear Mr. Beyeler:

The Idaho Department of Environmental Quality ("Department") reviewed your water rights application and any of our existing water quality information near your proposed project site identified in Application 75-14466.

The Department has no opposition to the granting of this right. We do suggest your intake be screened according to local Fish and Game specifications, and we have no other comments at this time. Additionally, the Department believes this letter is sufficient to allow the Department of Water Resources to complete their review of your water rights application. Thank you for the opportunity to review your application.

Please do not hesitate to contact me at 208.528.2650 for any additional information we may be able to provide.

Sincerely,

A handwritten signature in black ink, appearing to read "Troy Saffle", is written over a horizontal line.

Troy Saffle
