To Whom It May Concern:

Enclosed is a completed Notice of Change in Water Right Ownership form. This form is enclosed in order to transfer the ownership of the water rights for the home and property that we purchased. There are two wells located on this property- one is a domestic well and the other an irrigation well. I have a copy of the adjudication paperwork that was given to me by the previous owner. Both the domestic and irrigation well are listed under the same adjudication number, but I only have the IDWR water right number for the irrigation well. I listed the information that I have on the enclosed form and believe that it is all the information that is needed. If you have any questions or if you need more information, please do not hesitate to contact me.

Sincerely,

Jaymon Knight
