Re: transfer evaluation

This transfer proposes to change the 10 acre tract location for the Lower Burnett Ditch point of diversion.

The old location moved with the Big Lost River channel years ago and the water rights weren't changed.

Water Distribution sent letter get this corrected. There is a spatial data point for the new location. The places of use for the two water rights are combined into one place of use.

Authority to File:

Applicant is the owner of record as far as the SRBA decree.

Water Right Validity:

This water right was decreed in the SRBA in 2002. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

In water district 34. Will request watermaster comments
Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
