Dave Carlson
Idaho Department of Water Resources
900 N. Skyline Dr., Ste. A
Idaho Falls, ID 83402

Dear Mr. Carlson:

We are enclosing copies of the aerial photo map prepared by Rob Harris on which the proposed additional point of diversion is mentioned. We have also filled in the additional point of diversion which is to be added as shown on the map. We are not sure what you mean by "no valid list of water rights". The attached list appears to be the Department's list of all of the water rights held by Mud Lake Water Users, Inc. which we understood to be the water rights for which Tim Luke wants this pump added as a point of diversion. Since it is the Department's list, we think it will be hard for us to be more official or complete than that. Please let us know.

Yours very truly,

Kent W. Foster
