Subject: Re: SDRTR, LLC/WaterRights - Reinstatement of Permit 37-8388

Deborah,

My client has decided to retain Brockway Engineering to complete the beneficial use field exam and report to expedite the perfection of the water right in light of the ongoing disputes among the users of the Warfield Hot Springs waters. We hope to have this completed within a week and will then submit the required statement of completion so the permit can be reinstated.
Thank you for your help with this matter.

Jim
