RE: Water Right Ownership

To Whom It May Concern:

The Department has been reviewing a change in ownership for water rights that appear to be appurtenant to your property, see attached map for location. Tax lot data has UR Ranches listed as the current owner of the property that appears to have water rights 11-7598 and 11-926 appurtenant to it and the Department would like to update the ownership for those water rights.

For your convenience I have included reports of the water rights in question. Please review the water right reports and notice that the water rights have a specified point of diversion, nature of use and place of use. If you own the property that water rights 11-7598 and 11-926 encompass, and plan on changing any of these, including adding a new point of diversion, then an Application for Transfer is required.

If you do not plan to change any items on the water rights and you own the property that they encompass, you may file a Notice of Change in Water Right Ownership Form along with the proper documentation and fee and the Department will update our records.

If you no longer own the property in question, please disregard this letter. Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any of the Departments offices, or at the our website at: www.idwr.idaho.gov.

If you have any questions you can contact me at 208-287-4944.

Sincerely,

Cherie Padilla, Water Resource Agent
Water Allocation Bureau
