RE: Application for Transfer

Dear Mr. Brown:

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that additional information is needed before processing can proceed. We are returning your application to allow you to complete the necessary items. The items needing your attention are all contained on page 4 of the application and are described below.

Provide a copy of your warranty deed or quit claim verifying you are the present owner of the place of use identified on the water right and illustrated on the map.

If the property is subject to any liens, deeds of trust, mortgages, or contracts of other encumbrances you will need to furnish a written statement from the lien holder agreeing to the proposed change. Answering "NO" to this question means this does not apply.

Write in "NO" as the answer to the second and third questions.

If the application and information identified above have not been provided within 30 days the Department will initiate a refund of the filing fee and close our records concerning the application.

Please feel free to contact this office if you have any questions.

Sincerely,

Ernest Carlsen
Water Resource Program Manager
