Cherie - This app has been reviewed and scanned, and is ready for your pre-advertising review. We have received agency comments and applicant response to Sec. 40.05.C as required. Thanks.

Permit Number 72-16707

- 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
- R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 170.
- 115 Prior to the diversion and use of water under this permit, the permit holder shall install and maintain an acceptable measuring device, including data logger, at the authorized point of diversion, in accordance with Department specifications.
- 01H Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide the watermaster suitable control of the diversion.
- 198 When notified by the Department or by a watermaster with regulatory authority over this right, the right holder shall report the amount of water diverted in connection with this right. The report shall be submitted in the manner and frequency specified by the Department or the watermaster.
