ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, DAVID R. TUTHILL, JR., of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 63-12569 with the following:

CONDITIONS OF APPROVAL

1. The irrigation occurring under this domestic use shall not exceed 1/2 acre for each home.
2. The domestic use authorized under this right shall not exceed 13,000 gallons per day per home.
3. Water bearing zone to be appropriated is from 50 to 500 feet.
4. Domestic use is for two homes. Irrigation of lawn, garden and landscaping associated with the homes is authorized under the irrigation component of this right.
5. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

Witness my hand this 16th day of May, 2008.

for DAVID R. TUTHILL, JR.
Director
