Re: Application for Transfer No. 73934

COPY

Dear Applicant:

The Idaho Department of Water Resources (IDWR) is currently reviewing the above referenced application for transfer to change water rights. The water rights proposed for transfer are currently owned by Carol J. and James W. Kranz per Department records. The transfer applicant must be the current water right owner on record or have permission from the water right owner in order to file a transfer application. If you so desire, you may assign the transfer application to the current owner. To assign a transfer application, a notarized letter stating the transfer application number and name and address of the new owner must be received. If you do not wish to assign the transfer application, it shall be rejected.

A notarized letter assigning the transfer application, another written response of your choosing, or a request for more time to respond must be received within thirty (30) days of the date of this letter.

Without a timely reply, IDWR will issue a preliminary order to reject the application. The application fee will not be refunded for a rejected application. A rejected application may be re-filed when adequate information can be provided.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

Angela M. Grimm
Water Resource Agent
