Cherie,

Kevin Amar and I just looked at the map and you are correct and we believe that it was a clerical error as well. Please proceed with NWSE,SWSE,NESE,SESE, of 3N 3W Sec 10.

Thanks,

Subject: Transfer #73786

Shawn,

The proposed place of use description that is listed on the application for transfer is not consistent with the map that was enclosed with the application. The proposed place of use description states the following:

SENE, SENW, SESW, SESE of 3N3W Sec 10

The map indicated the proposed place of use should be as follows:

NWSE, SWSE, NESE, SESE of 3N3W Sec 10

I believe that this is a clerical error, but need to have confirmation from you that the map is in fact correct and the application is incorrect. Please correspond to me in writing so I can include the clarification in your transfer review file. Thanks for your help.
