Subject: IDFG Interagency Billing

Attachments: 63-33035.pdf

Sascha:

This is the email we just talked about for an interagency billing regarding a second filing by ID Dept. of Fish & Game. Here is the story about both filings.

Filing #1: IDFG filed Application for Permit 63-32185 in March 2005. This was for wells for the Roswell Marsh Wildlife project. They amended the application last week for 6 cfs and 360 af of storage. That's the one Denise emailed you about & you already sent the billing out. The correct fee should have been \$450 instead of \$490 referenced in Denise's May 30 email.

Filing #2: IDFG filed Application for Permit 63-33035 in April 2008. This is for surface water for the same project. PCA is 41301, fee is \$370 but can be reduced by \$40 overpayment under #1 filing if IDFG already processed its billing for #1 by the time they get the billing for #2. If that is the case, can pay \$330 for #2 filing. Billing for #2 is also "Water Rights/Permits" for our receipting purposes. A copy of the #2 application is attached.

Total fees for both applications: #1 is \$450, #2 is \$370, total is \$820.

Please let me know if you need more information for these interagency billings. Thanks for your help.

Steve
