RE: Change of Ownership for Water Right #65-10477 (split into 65-23289 and 65-23290) and #65-2431X

Dear Water Right Holder:

Thank you for your response to our March 3rd correspondence regarding the water rights referenced above. Water right 65-10477 has been split and a computer-generated report is enclosed for your records. As we have not received proof of ownership for water right #65-2431x, no further action will be taken regarding this right.

Your portion of the water right (#65-23290) has a specified point of diversion, nature of use and place of use. If you plan on changing any of these, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. If you do not plan on changing any items on your water right, then no further action is required at this time.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
