DEPARTMENT OF
WATER RESOURCES

RE: Change of Ownership for Water Right 65-6625, 65-2431X, & 65-10477

Dear Mr. Lawson:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership received on 6/29/2006. The department has modified its records to reflect the change in ownership for Water Right 65-6625. A water right report showing the change is enclosed. However, additional information is required to process the ownership changes for 65-2431X and 65-10477. The information required is indicated below:

Regarding 65-10477, a discrepancy was found between the warranty deed you submitted and the legal description of the place of use for the water right. I have enclosed a copy of the water right and a map for your reference. The water right is for domestic use for 4 homes. Your deed appears to cover only one of these homes. If you do not own the entire place of use, you may request to have the right split. The fee to split a water right is \$100. Since we have already received a \$25 fee, only \$75 would be required to split the right.

Also, the warranty deed does not cover the place of use for 65-2431X, which was recently renumbered to 65-23248. If you do not have additional documentation showing an interest in this water right, the original \$25 fee can be applied towards splitting 65-10477.

The Department cannot process ownership changes without proper documentation. We will hold your application for 60 days pending receipt of the necessary information and/or fee. If we do not hear from you within that time, we will close the file and the ownership changes will remain unprocessed.

Please feel free to contact Dayna Ball at dayna.ball@idwr.idaho.gov or 208-287-4953 if you have any questions regarding this matter.

Sincerely,

Dayna Ball
