RE: Change Transfers to one well.

John Blom - 365-5385

- City wants to only drill one well - The protest date on the transfer has not expired 4/21. I expressed concerns in the fact I had legislators calling about expediting this transfer. The process is not even complete and a change is wanted. We could consider rescinding one of the applications, but there are 2 water rights involved with different P/Ds. John B stated he would check it out with the city. - probably need to stay with the one well. for each water right.
