Responses to Water Appropriation Rules 40.05.c through 40.05.g

Section c :

- ii. : Attachment A identifies known wells within ½ mile radius of the proposed well.
- iii. : Well construction will be in accordance with Idaho Department of Water Resource (IDWR) construction requirements by a licensed Well Driller.

Section d :

- i. : The request for withdrawing water is consistent with the IDWR guidance.
- ii. : The well is proposed to be drilled into the Grand Ronde Aquifer and the applicant is not aware of any source limitation that would prevent issuance of the application.

Section e :

- i. : Attachment B includes the tax billing to demonstrate ownership of the property.
- ii. : All permits, licenses, and approvals on the property with respect to water right will be forwarded to IDWR.

Section f. :

- i. : Attachment C is a statement of assurance that the project will be funded with money that is available to the applicant at this time.
- ii. : Attachment C also includes the estimated cost for the well.

Section g. :

Attachment D is a copy of the letters sent to both the Idaho Dept of Fish / Game and the Idaho Department of Environmental Quality for comment with respect to the requirements.
The letter requests that their response be sent directly to IDWR (attention Keith Franklin).
