Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Gentlemen:

The Department of Water Resources is in the final stages of processing your application; however, before a permit can be issued there remains an ownership issue with the U. S. Forest Service, where the well is located. Please resolve this issue with the U. S. Forest Service, within the next 30 days and forward the department a copy of the written resolution so a permit can be issued.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin  
Senior Water Resources Agent
