Coeur d'Alene, ID 83815

Dear Sir or Madam:

Enclosed is our completed Application for Permit to Appropriate the Public Waters of the State of Idaho in Nez Perce County. The purpose of the application is to obtain approval to drill a well as a groundwater source of irrigation water at our Hells Gate Habitat Management Unit. We currently obtain surface water from the Snake River for the same irrigation purposes under Water Right License No. 03-7020. However, the intake pumps occasionally become blocked by silt, sharply limiting their use. The new well will provide an alternate source of irrigation water during periods when the surface intake is unavailable.

Also enclosed is our check, No. 1076, for \$290 to cover the required application fee.

We appreciate your cooperation in this matter. If you have any questions or need additional information, you may call me at 509-527-7321 or write to me at the above address. You may also reach me by e-mail at Richard.Carlton@usace.army.mil.

Sincerely,

Richard Carlton
Chief, Real Estate Division
