PROOF ACKNOWLEDGEMENT LETTER

Re: Permit No. 65-22947

Dear Permit Holder:

The Department acknowledges receipt of the proof of beneficial use form and a \$100.00 license examination fee submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use(s) being made of the water, and that it meets the permitted beneficial use(s).

During my review of your proof and water right permit, I found that this permit requires you to have a measuring device installed prior to diversion of water. This measuring device and controlling works provides the watermaster with control and monitoring of outflow. I suggest you contact the Watermaster, (Ron Shurtleff, 102 N. Main St., Payette, phone number (208) 642-4465) if you have questions about what he requires. I recommend that this condition be complied with immediately and prior to the field examination.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office.

If you have any questions regarding my review of your proof, contact me at (208) 287-4942. If you have questions concerning the field examination and when one will be scheduled, please contact the Western Regional Office of the Department in Boise at (208) 334-2190.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
