Re: permit review

I copied the Application layer POU and POD into the Permit layer.

I checked for overlap in the place of use and found nothing significant. The POU is within the Emmett Irrigation District, the parcels abut Black Canyon Canal and applicant states that the "lots have ditch water".

Parcel 1 has an existing domestic well with water right 65-18473 held by Oletha Winegar.

Applicant drilled a well on 3/19/2007 Tag #D0047951 and it has been assigned a nominal POD.
