RE: Change of Ownership for Water Rights 15-2021 & 15-4185

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records. In addition to those water rights referred to in your Notice, Water Right 15-2010 supplies surface water from the Malad River to your property and you are entitled to claim it as an appurtenance to your land, if previous transactions associated with your property have not specifically excluded it. Because your property represents a fraction of the total land associated with Water Right 15-2010, an ownership split would be required, refer to Line Instructions six and eight of the "Notice of Change in Water Right Ownership" form for instructions. I have enclosed a Proof Report of the Water Right 15-2010 for your review.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Respectfully,

Mathew Weaver, PE
Staff Engineer
