Re: Ownership Change Received 11/15/2007

Per Carter Fritschle in Adjudication, the ownership change for these rights was processed by Adjudication. Notice of Completed Administrative Proceedings (NCAP) were not issued. Partial Decrees were filed in the name of the Director's Report Owner. Also,

Water rights 78-2037 and 78-10235 have multiple current owners. This is correct per adjudication.
