Re: transfer evaluation

This transfer proposes to change the place of use to its current use and add the other wells to each water right. The remainder place of use for 34-2402-- 78 acres will be separated from the rest of the place of use so it can be sold. It didnt have any overlapping surface rights. 34-2402 has no point of diversion overlap with 34-2444, the condition must be in error. This transfer will be completed with 74347.
