

9/27/05

Prehearing Conference - Conducted by D. Tutthill

1:00pm

See Sign-in sheet for attendance

TF

Randy MacMillan:

- Clear Spgs has been monitoring quality at the weir -
See attached

- 4.0 cfs limitation is not a problem / not an issue

Offer by Clear Spgs

1. Provide water qual info once per month for NPDES - will provide results via email to Wrights
2. Periodically (quarterly) can provide TAN information
3. Willing to send to IDWR

Mrs Wright: This type of information would be helpful

Desires feedback mechanism

Desires IDWR oversight on a continuing basis

Charles Wright:

- Desires that Order remains requiring complete return of pumpback water
- Clear Spgs agrees to this

Potential Modifications

1. Decree does not limit the spring that provides for Fish Prop use and the spring that provides for commercial use.
2. Watermaster control should be revised | if an approved SOP is established

Next steps

1. Parties provide Suggested language N.L.T.
- * 1a. IDWR circulates a draft Amended Prelim Order
2. IDWR issues an Amended Preliminary Order N.L.T.

3. Parties will have another opportunity for objection

* Send to Randy @ clearsprings.com
Cwright@wrightbrotherslaw.com
