Ladies and Gentlemen::

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated (once a week for two consecutive weekly issues).

If you cannot publish the notice on the proposed dates, please contact us immediately at 736-3033.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Sincerely

Mary A. Baldwin
Administrative Assistant

The following applications have been filed concerning the public waters of the State of Idaho, Blaine County.

Application for Permit No. 37-22252

DRY LOT LLC

116 VALLEY CLUB DR.

HAILEY ID 83333

Source: GROUND WATER

Two Points of Diversion: NWSWNE, S20, T03N, R18E

Use: 04/15 To 10/31

IRRIGATION (0.79 CFS)

Date Filed: 08/08/2007

Place Of Use: 219.2 acres within parts of Sections 20, 21 & 28, T03N, R18E

Permit will be subject to all prior water rights. Protests against an Application for Permit may be submitted based on the criteria of Sec 42-203A, Idaho Code.

Application for Transfer No. 74449 was filed by DRY LOT LLC, 116 VALLEY CLUB DR.; HAILEY ID

83333 and **Application for Transfer No. 74661** was filed by OLD CUTTERS INC., PO BOX 4944;

KETCHUM ID 83340. Both transfer applications propose modification of the nature of use of a portion of existing rights totaling 4.0 cfs with a priority of 3/24/1883 authorized to irrigate 66 acres and diverted from the Big Wood River via the Hiawatha Canal. These transfers propose drying up acres irrigated within a subdivision on the north end of Hailey (within Sections 3 & 4, T02N, R18E known as the Old Cutters Subdivision). The Old Cutters Inc transfer proposes to dry up 2.69 acres (0.16 cfs) and convert the use to aesthetic and fire protection uses in two ponds proposed to be constructed in the previously irrigated parcels (within Section 4, T02N, R18E). The water will remain diverted through the Hiawatha Canal. The Dry Lot LLC transfer proposes to dry up 60 acres (3.64 cfs) and convert the water to ground water recharge, recreation and aesthetic uses. The water will remain diverted through the Hiawatha Canal. Recharge to be accomplished at infiltration sites located approximately 3 miles north and 1.5 miles west

of Hailey (within Section 20, T03N, R18E known as the Valley Club) adjacent to the Hiawatha Canal. The flows for recreation and aesthetics uses are proposed to be within existing facilities found within the Valley Club. The recharge is intended to mitigate for the new application for permit which proposes to divert 0.79 cfs of ground water for irrigation of 39.6 acres located approximately 2 to 3.5 miles north and 0.5 to 1.5 miles west of Hailey (within Sections 21, 28, & 29, T03N, R18E, within the Valley Club Subdivision. Protests against an Application for Transfer may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the approval of an application must be filed with the Director, Dept. of Water Resource, Southern Region, 1341 Fillmore St, Suite 200, Twin Falls ID 83301 together with a protest fee of \$25.00 for each application on or before June 2, 2008. The protestant must also send a copy of the protest to the applicant.

DAVID R. TUTHILL, JR., Director
